## PROFESSIONAL EXPERIENCE

**GABOT DEVELOPMENT, San Jose, CA**

**2016 to Present**

**Web Developer | Consultant**

Supported a startup development company focused on building websites using developmental tools such as HTML, CSS, JavaScript, and jQuery.

- ♦ **Pixel Wearables** - Designed and developed a website for this stealth-mode startup to strategically position company products and services.
  - ✓ Facilitated focus groups to attain feedback from potential end-users to drive adoption of the product.
  - ✓ Incorporated feedback into the product roadmap.
- ♦ **Seanronimo.com** - Developing a portfolio site, using HTML, CSS, JavaScript, and jQuery.
  - ✓ Developed new user-facing features with a UX designer
  - ✓ Researched, identified and documented client's technological requirements

**KIWI CRATE, Mountain View, CA**

**2014 to 2015**

**Order Management Lead**

Fulfilled orders, managed inventory, and performed logistics for this e-commerce startup selling kid's educational art and craft projects. Installed new hardware and resolved software-related issues.

- ♦ Improved operating efficiency 150%, by integrating XHTML and HTML templates into the Magento e-commerce platform for more efficient order processing.
- ♦ Created standardized best practices by writing Magento software manuals used by the order fulfillment team.
- ♦ Developed and implemented process improvements such as categorizing orders listed and utilizing formulas to integrate from MS Excel CSV to Magento, resulting in efficiency gains.

---

**GLYDE CORPORATION, Menlo Park, CA**

**2012 to 2014**

### **Web Content Coordinator**

Managed web catalogs and researched new electronic products for this startup e-commerce business.

Updated new content on the website. Oversaw inbound customer inquiries via Zendesk.

- ♦ Scraped pricing data from competitors in the video game marketplace using Ruby.
- ♦ Identified issues and bugs, using web testing, JIRA dashboards, and customer tickets.

**GREAT AMERICA, Santa Clara, CA**

**2011 to 2012**

### **Cash Control Auditing Supervisor**

Verified and audited \$300K in assets and improved operational efficiencies. Worked with customers to answer inquiries or concerns via in-person or phone communications.

---
